How to order

1. **Find your model**
   Check the model plate on your steriliser. It will read 1925X, 1941X, 25X, 50X or 75X.
2. **Pick your parts**
   Note the part number from the tables in this catalogue. A tick shows the part fits that model.
3. **Send us your serial number**
   For heating elements, control boxes and complete bases we also need the serial number from the plate.
4. **Ask for a quote**
   Call 1300 386 487 or email info@rootlab.com.au with the part numbers and quantities.
